EDUCATION

McGill University

Bachelor of Arts in Computer Science

- GPA: 3.89/4.0

Montreal, QC

Aug. 2025 – Expected May 2028

RELEVANT COURSEWORK

- Data Structures & Algorithms
- Software Systems
- Discrete Mathematics
- Probability
- Statistics

PROJECTS

RSA Secure Messaging Console | *Java, Git*

- Designed and implemented a console-based application for RSA key generation, encryption, and decryption
- Applied modular arithmetic and number theory concepts to explore cryptography fundamentals
- Structured application using object-oriented design principles to ensure modularity and maintainability
- Managed project versioning using Git

Hangman Game | *Python, Git*

- Built a command-line Hangman game with modular architecture for game logic, input validation, and file handling
- Implemented robust input validation and error handling to ensure stable user interaction
- Used Git version control to keep track of progress

EXPERIENCE

Seasonal Ride Operator

Six Flags La Ronde

May 2022 – Present

Montreal, QC

- Operated high-risk mechanical systems while adhering to strict safety and operational protocols
- Communicated clearly with team members and customers in a fast-paced environment
- Maintained attention to detail while managing multiple responsibilities simultaneously

TECHNICAL SKILLS

Languages: Java, Python, C, Bash, HTML

Developer Tools: Git, IntelliJ, VS Code

Systems: Linux/Unix
